PREFERRED DRUG LIST (PDL) FOR TENNCARE EFFECTIVE 01/04/2007:

TennCare is continuing the process of reviewing all covered drug classes over a 2 year period. Changes will occur to the PDL and the preferred and non-preferred status of agents as new classes are reviewed and previously reviewed classes are revisited. As a result of these changes, some medications your patients are taking may now be considered non-preferred agents in the future. Please inform your patients who are on one of these medications that switching to a preferred medication will decrease delays in receiving their medications. For medications with existing prior authorizations in place, the PA will remain active through the current expiration date. A copy of the new PDL will be posted January 4, 2007 to <http://tennessee.fhsc.com>. Feel free to share this information with all TennCare providers. The individual changes to the PDL are listed below. For more details on clinical criteria, please visit: https://tennessee.fhsc.com/Downloads/provider/TNRx_PDL_CC_ST_QLL.pdf.
